

ENGINEERING FAIR

Where: SAP America
3999 West Chester Pike
Newtown Square, PA 19073

When: October 13, 2018
9 am to 12 pm

Registration begins at 8:45 am

The Future City Philadelphia Regional Steering Committee is hosting an Engineering Fair to introduce students to the Future City competition & to help educators get started.

Help Future City Philadelphia inspire students to design!

"We were able to let our creativity come out and work together building the city."

~ Future City Student

If your organization is interested in inspiring young students, please contact Susan Best at susanbest54@gmail.com

Looking for engineering firms, technical societies and universities to be exhibitors!

Come join us to provide a fun filled morning of hands-on activities and demonstrations!

Future City® Competition is a hands-on, real-world experience for middle school students to learn how engineers shape the world we live in today & tomorrow.

Students work as a team with an educator and engineer mentor to:

- Design cities using SimCity™ software;
- Research and write solutions to an engineering problem;
- Build tabletop-scale models with recycled materials
- Present their ideas before judges at the Regional Competition in January
